A Pennsylvania judge has decided that love means the same thing in all languages. All babies also cry in the same language.

Candidate Roosevelt asks the confidence of all good people. The gold brick seller also gets in his game by working the confidence racket.

Who is it that started the report that Washington has been dead ever since 1799? Why it was only a few days ago that we received a letter from Washington.

An Exchange says: "Bryan has his eye on the nomination for himself." Then he is using both his eye and foot in this campaign, for he knows that he has been doing his best to put his foot on the nomination for Parker.

Although we must frolic just a little as we go, We worry o'er the trouble that we meet here below; But when Parker gets elected We will never be dejected; For we will laugh and laugh till our diaphragm is sore, To witness Teddy's flight to the ceiling from the floor.

The North Carolina papers keep Brother Phillips, of the Raleigh *Morning Post*, on his feet to bow and scrape over the nice things they are saying about him. The notices constitute so many "fill-ups" as to overtax the new editor's space, so he has to make editorial acknowledgments every few days.

Says *Charity and Children*: "The *Chronicle* says that Charlotte has a man who can show two million for every one million that any other man in the State can show. Name your man." The *Chronicle* simply copies the above and heads it "W. E. Holt." We guess he always got Holt of a winning hand in all his deals.

The Washington *Post* notes that a New York society woman took a million dollars and her pretty nineteen-year old daughter to Europe a few days ago. She said she went "on business" and the *Post* adds that "it is not difficult to guess what the lady's business is." Whuh! and here we are marked down to $999,999.99, with a gnarled old family tree to go into the bargain.

Reports from the Primaries and County Conventions Yesterday Favor Stedman.

IN ALAMANCE AND WAKE.

Returns from Two "Big Ones" Most Encouraging—Anson Gives Eight Out of Thirteen—Buncombe for Davidson—Other Notes.

Yesterday was another big convention and primary day in the State and from every county with which telegraphic communication could be had last night the results were most gratifying to the friends and advisers here of Major Charles M. Stedman, leading candidate for gubernatorial honors. Wake and Alamance did especially handsome for the favorite in the race, one report from the last named stating that it had gone solidly for Stedman. Wake exceeded the most sanguine expectations of the Greensboro man's friends in Raleigh and will cast 31 out of its 38 votes on the right side. Anson came forward with eight for Stedman, when hardly more than seven were expected; the Craven and Pitt returns were not disappointing and from several other counties in the State private advices were very encouraging.

The following special telegrams were received by the STAR up to the hour of going to press this morning:

FROM WAKE COUNTY.

The Wake County Democratic Convention met at noon to-day and elected delegates to the State, Congressional and Judicial conventions. It was ordered that the unanimous vote of the county be cast for Edward W. Pou for Congress and for Ed. Chambers Smith, delegate to the national convention. The precinct primary vote reported to the convention showed that Stedman received 725; Glenn 507; Davidson 30, Turner 30; but two precincts reported no ballot for Governor. The county is entitled to 38 votes in the State Convention and 44 delegates were appointed.

RALEIGH, N. C., June 11.—The delegation from Wake indicates that the 38 votes of the county in the State Convention will stand Stedman, 31; Glenn, six and Davidson, one.

ANSON COUNTY.

WADESBORO, N. C., June 11.—As the result of the county convention to-day, Maj. Stedman will receive approximately eight of Anson's 13 votes in the State convention; Turner will receive four and Glenn one. The delegation was uninstructed. J. G. Boylin, editor of the *Messenger and Intelligencer*, was endorsed for delegate to the national convention at St. Louis.

ALAMANCE FOR STEDMAN.

GRAHAM, N. C., June 11.—Alamance county convention met here to day and appointed delegates to the State convention. The delegation is fifteen to two in favor of Steaman, one more than the estimate of the Stedman managers. This means that 15 of the 17 votes in the State convention will be cast for Stedman.

ALAMANCE AND BUNCOMBE.

CHARLOTTE, N. C., June 11.—Alamance county convention is solidly for Stedman. Buncombe county convention instructs for Davidson.

CRAVEN COUNTY.

NEWBERN, N. C., June 11.—At the Craven county convention held here to day a vote was taken upon the strength of the several candidates for Governor. Of the 106 votes cast Glenn received 82, Stedman 21¼, Turner two and Davidson one-half. Craven has 17 votes in the State Convention.

PITT COUNTY.

GREENVILLE, N. C., June 11.—At the Pitt county convention held today to select delegates to the State and Congressional conventions, a resolution was adopted instructing the delegates to vote for Grimes for Secretary of State. The county delegates for Governor are about as follows: Glenn, 15; Stedman, six; Turner, one; Davidson, one. The convention was unanimous for Winston for Lieutenant Governor. The county is solid for Small for Congress: [Pitt has 23 votes in the State convention of which Maj. Stedman will receive six, which is fully as many as his manager had previously estimated.—STAR.]

ALLEGHANY COUNTY.

SPARTA, N. C., June 11.—In the Alleghany county convention here this week, delegates to the State Convention were appointed, but the strength of the gubernatorial candidates was not tested by a vote. Stedman, Glenn and Turner have friends in the delegation, which is uninstructed. The county has five votes in convention.

The Casino Monday Night.

A night of fun and melody is what awaits those who "take in" the outing of the fire and police departments of the city at the Casino, Wrightsville Beach, to-morrow night. There will be a band concert, startling acrobatic exhibitions and some first-class vaudeville features. Everything is free. Take the 7:30, 8 and 8:30 P. M. cars.

I. O. O. F. Memorial Service.

All Odd Fellows in the city are requested to assemble at their respective halls at 7 o'clock this evening for the purpose of attending in a body the annual memorial service at Fifth street M. E. church. The annual sermon will be preached by Rev. A. McCullen, the pastor.

INSPECT ENCAMPMENT SITE.

National Guard Committee Will Arrive from Morehead City This Morning. Some Advantages Offered.

Col. Walker Taylor and Capt. J. VanB. Metts, who went to Raleigh to appear before the Military Advisory Board with reference to the encampment of the State troops at Wrightsville, returned yesterday morning. Mr. A. B. Skelding, who accompanied Col. Taylor and Capt. Metts, went from Raleigh to Washington, D. C. The result of the meeting was told in yesterday's telegrams to this paper. The committee appointed to examine and report on the sites offered by Wrightsville and Morehead City is composed of Col. Bragaw, Col. Craig and Col. Armfield and yesterday they went over to Morehead in a special car placed at their disposal at Goldsboro by Superintendent Dill.

They investigated fully the advantages offered by Morehead and will arrive in Wilmington this morning for a trip and inspection of the sites offered by Wrightsville. They will be met by a committee of local militarians composed of Col. Walker Taylor, Col. T. C. James, Maj. Wm. F. Robertson, Maj. C. H. White, Capt. J. VanB. Metts and others, and will be taken at once to the beach. It is presumed the inspection of sites will be made to-morrow. It is the idea of the Wilmington officers to have the camp proper on the sound, using the Seaside park for drill and parade grounds. Wrightsville is prepared to offer electric lights for officers' tents, an electric lighted walk from the station to the grounds with water works conveniences on the grounds. The committee will report its findings to the Military Board early this week and a definite decision will probably be reached by the 15th. It is said that Col. Bragaw favors Wrightsville; that Col. Craig is inclined to Morehead and that Col. Armfield has intimated no choice. However, the decision of the committee cannot be anticipated until they have fully investigated the advantages of each resort.

RED MEN IN WAR DANCE.

Copper Skins for an All Day Outing at Carolina Beach Next Week.

The Red Men of the city are preparing for a big fete and war dance at Carolina Beach on June 21st for the benefit of "The Haymakers." There will be four trips of the steamer "Wilmington" during the day and a red-hot programme of sports on the sands of Old Ocean. The festive warriors will don their colored buckskins, daub their royal visages with the paint of war and at 4 o'clock execute the thrilling and sensational dance. At high noon there will be a side-splitting sack race and at 4:30 an Indian foot race, for both of which prizes of $3 and $5 are offered. There will also be music, dancing and refreshments with a late trip of the boat, the train leaving the beach at 10:30 P. M.

The committee is composed of F. K. J. Fuchs, chairman; I. N. Burriss, B. C. Bordeaux, W. H. Lane, W. R. Stees, Martin VonOlsen, J. A. Deane, M. G. Silvis, W. L. West, Dan Gilssen, W. L. Burkheimer and G. W. Simmons.

James I. Metts Camp, U. C. V.

Under the auspices of the Daughters of the Confederacy, there was a grand rally of Confederate Veterans at Whiteville last week. The Daughters were hosts of the occasion and a big dinner was given the old soldiers on the lawn of the M. E. church. Rev. J. A. Smith, of Wilmington, delivered an eloquent address and following the exercises, the veterans organized a camp with 54 charter members. H. H. Holton was chosen commander and H. C. Moffitt, adjutant. It was a handsome compliment the old soldiers of Columbus paid to Wilmington's esteemed citizen, Brigadier General James I. Metts, by at once unanimously resolving to call their organization the "James I. Metts Camp." The new camp will be in Gen. Metts' Brigade, U. C. V., and it is especially appropriate that it should take his name.

Cutter "Seminole" Coming.

The Revenue Cutter "Seminole," which has been assigned to duty at this station is at New York, but will arrive in Wilmington between the 20th and last of the present month. Capt. F. D. Foley is in command. Other officers are Second Assistant Engineer R. B. Adams, who is well known here, and Third Lieutenant T. G. Crapster. Capt. Foley is a son-in-law of Capt. John F. Divine and is most pleasantly remembered here where he was formerly stationed in the service. Mrs. Foley and little son have been in Wilmington six weeks on a visit to Mrs. Foley's parents from San Francisco. Capt. Foley also spent a part of the late Summer in Wilmington, but left a few days ago to join his ship at New York.

Sensation Failed to Develop.

George W. Jones, colored, under the double charge of bigamy and abandonment and non-support, was tried by Justice Bornemann yesterday. He was found not guilty, but by mutual agreement between the parties Jones is to pay the woman $1 per week. No evidence could be found to substantiate the charge that Jones had married a second wife. The negro was represented by Herbert McClammy, Esq.

U. S. COURT ADJOURNS

Jury Unable to Agree Yesterday in Case of L. D. Royster, of New Hanover County.

A MISTRIAL WAS ORDERED.

Pete Evans, Wilmington Negro Charged With "Crimping," Escapes With Fine Which He May Not Have to Pay. Appeal to Higher Tribunal.

The United States District and Circuit courts, Judge Thos. R. Purnell presiding, took a recess for the term early yesterday afternoon. Before taking the recess, however, the circuit court docket was called over and all cases which had not previously been disposed of at the present term were continued. Several motions were heard and orders made thereon. Witnesses, jurors and a majority of the court attendants left in the afternoon for their homes. Of the court officers, Mr. George Green, of Newbern, who kindly came over to the relief of Mr. W. H. Shaw, who was too much indisposed to attend to the arduous duties of clerk, is still in the city winding up the business incident to a close of the court. Mr. Green made many new friends and cemented the ties of friendship with many old acquaintances while here. He is a clever and capable court officer and assisted no little in the dispatch of the business of the term during the past week.

At 11:30 o'clock members of the jury who remained out all night in the case of L. D. Royster, of New Hanover county, charged with "making opportunity to defraud" while government store keeper at Horrell's Greenfield distillery some time ago, came into court and reported that they were unable to agree. A juror was withdrawn and a mistrial ordered. Defendant was required to give bond of $500. for his appearance at the next term and was allowed 30 days in which to execute the same, present bond to remain in force until the new bond is filed. There was a motion by C. M. Bernard, Claudius Dockery and A. J. Marshall, Esqs., counsel for defendant, to nol pros, but the same was denied as was also a motion for removal to Raleigh. By consent of the District Attorney and counsel for defendant the case was set for trial on Wednesday of the next term at Wilmington. Bond for defendant's appearance was at once given.

During the morning session the motion for a stay of judgment in the case of Peter Evans, of Wilmington, charged with "crimping," was argued by Woodus Kellum and Brooke G. Empie, Esqs., for defendant and District Attorney Skinner for the government. Judge Purnell signed an order fining Evans $100 and declaring the same recoverable only by civil suit. The District Attorney took an appeal to the Circuit Court of Appeals at Richmond. Defendant gave nominal bond of $50 for his appearance at next term. The order of Judge Purnell in the case is as follows:

Defendant is indicted under section 10 of the Act of Congress Dec. 21st, 1898, sub sections a. d. c. and convicted under sub section a., the court holding there was no evidence which would warrant a conviction under the other counts in the bill. The part of sub-section a. under which defendant is convicted is as follows: "If any person shall demand or receive, either directly or indirectly, from any seaman or other person seeking employment as seaman or from any person on his behalf any remuneration whatever for providing him with employment, he shall for every such offence be liable to a penalty of not more than $100." Other sub-sections of the act provide for fine and imprisonment, but the punctuation and power of the Act seems to make the sub-section under which defendant is convicted independent of other provisions, so that they cannot be read into the sub-section. Penal statutes are strictly construed. From the first part of this section makes other acts a misdemeanor, but that provision would seem to exclude the construction that this is also a misdemeanor. Applying this rule, the court can only impose the penalty prescribed in sub-section a.

The statutes provide how penalties shall be recovered. The contention that the jury returned a general verdict is without force for the court expressly excludrd from the consideration of the jury the other counts in the bill. Motion in arrest of judgment is over-ruled. The judgment of the court is that defendant pay a penalty of $100 and the costs. But it is held the court cannot imprison the defendant for the non-payment of the penalty and costs, there being no such provision in the statute—the jurisdiction and powers of this court being strictly statutory. The judgment of the court may be the basis of a civil action, but the court cannot imprison for a mere penalty. A conviction under the other counts of the bill would have justified such imprisonment, such penalty being provided for in the sections of the act under which they are drawn, but there was no evidence to support such conviction.

COULDN'T STAND "THE SECOND."

Candidate for K. of P. Degree in the Mountains Sues the District Deputy.

The Pythians in Asheville are considerably stirred up over a suit of a singular nature, which is thus reported:

On the night of April 4, 1904, District Deputy Grand Chancellor George L. Hackney, of the Knights of Pythias, in company with other Pythians of this section instituted a lodge at Canton. One of the candidates for membership in the order was John Curtis, a lumberman of Haywood county. Curtis had paid $10 initiation fee, had taken his first rank and was almost through with the second when he refused to go any further and demanded his $10 be refunded to him before leaving the hall. Little attention was paid to the demand, as it was thought that Curtis would either drop the matter or conclude taking his rank. Several days after the incident at Canton, and after Mr. Hackney had returned to Asheville, he received a letter in which the writer stated that the $10 must be returned or there would be trouble, but nothing has since been heard of the matter until Friday, when Mr. Hackney was served with a State warrant, charging him with assault on Curtis, and with taking and carrying away and still retaining the sum of $10. Mr. Hackney, in company with Alf. S. Barnard, who will represent the grand lodge in the matter, will leave Asheville Tuesday morning and will reach Canton in time for the trial, which is set for 10:30 o'clock.

Mr. Miller says the fire will delay his operations here about a month. Mr. Miller had just returned from a six weeks' trip up to the Pamlico Sound country when he got news of the fire in Glasgow.

Bicycle Thief Arrested.

In Wilmington during the past week an epidemic of bicycle thieving appears to have prevailed. No less than nine machines have been stolen. Only one was recovered and the thief arrested. The wheel recovered was stolen from Mr. C. D. Gilbert, when left for a moment Friday night in front of the express office. Mr. Gilbert telephoned far and near the number of his wheel and a request for the arrest of the thief. His alertness was rewarded by news from a Mr. Jones, near Castle Haynes, last night that the wheel had been taken and the thief, Frank Fennell, a colored youth arrested. Mr. Jones had bought the wheel for $5 and discovering later that it had been stolen, overtook Fennell and turned him over to a guard at the convict camp at Castle Haynes. The boy was in company with several other colored youngsters from Wilmington and had the $5 on his person when arrested. He was brought on the train to Wilmington last night and locked up in the police station for a hearing before the Mayor at noon to-morrow.

Good Woman at Rest.

Friends will regret to learn of the death of Mrs. Elizabeth Jones, widow of the late A. D. Jones, which occurred at the family home near Castle Haynes Friday night at 11 o'clock. Mrs. Jones was in the 77th year of her age and leaves three sons and four daughters—Messrs Jno. E. Pickett, of Columbia, S. C.; James Pickett, of Rocky Point; Joe Pickett, of Colorado; Mrs. S. E. Carter, of Castle Haynes; Mrs. Mary A. Orr, of Currie; Mrs. F. J. Sidbury, of Wilmington, and Miss Ibella Jones, of Castle Haynes. She was a devout Christian woman and many will miss her kindly presence in the community. The funeral will be conducted at 10 o'clock to-day.

WILLIAM H BERNARD.

WILMINGTON, N. C.

SUNDAY MORNING, JUNE 12.

STRANGE QUESTION FOR BRYAN TO ASK.

Col. William Jennings Bryan says this in the last edition of the *Commoner*, June 10th:

By the way, what right have men who have been persistent bolters when things did not go to suit them to demand that there be no be no bolters when things do go to suit them?

Col. Bryan ought to be able to answer his own question, for he bolted and voted for General Weaver instead of the regular Democratic nominee. The Sound Money Democrats bolted from Bryan and voted for Palmer and Buckner, and now Col. Bryan proposes to bolt the St. Louis convention if it doesn't fall down before him

If anybody has been more vindictive against bolters than Col. Bryan we would like to know who it is. He bitterly denounced those who couldn't swallow the Chicago and Kansas City platforms upon which he was nominated, and in the present campaign he has been so perverse in his intolerance that he has all along demanded that the Democracy nominate no man who did not support Bryan in 1896 and 1900. The Democrats of the United States have agreed upon Judge Parker, who did vote for Bryan, but the 16 to 1 statesman is prepared to repudiate the man who supported him and kept his Democracy on straight.

The course of the events has demonstrated that Col. Bryan has attempted to usurp the dictatorship of the Democratic party, and it has been clear all along that if he could not be nominated himself or dictate the platform and nominee, he was prepared to bolt. The fact is that Democrats feel that they are free and independent and generally do as they please. They bolt platforms, repudiate candidates and scratch tickets, and this is why it is not resolved into the monstrous machine that the Republican party is to-day. This is the reason why Bryan can not make it a Bryan machine to do his bidding, and this accounts for the strenuous bucking and impending bolt of the Nebraskan, who bolts himself but denies others the same privilege.

The real trouble with Col. Bryan is that he insists that Bryanism is Democracy and denies to the party the right to say for itself what its principles are and what its policies shall be. In the *Commoner* this week Col. Bryan carricatures the "reorganization" as "Wall Street," because the party refuses to champ the Bryan bit. He will find out on the 6th of July at St. Louis that the party is not reorganizing, but will purge itself of socialism and populism. It is simply coming out in its fundamental garb, and Col. Bryan won't know it with its old clothes on.

No Democrat denies the right of Col. Bryan to bolt, and nobody cares if he does bolt under the circumstances. The Democratic party of America does not deny the right of any free American to do as he pleases in politics. The party lays down its platforms and men can get on or off them, just as it suits them.

VIRGINIA'S OPPORTUNITY LOST.

We confess to disappointment that under the lead of Senator Daniel the Virginia Democratic State convention declined to endorse or instruct for Judge Parker for the nomination for the Presidency at the national convention of the party at St. Louis on the 6th of July. We had inferred from the sentiment of the people of Virginia as expressed in the leading papers of the State that the convention would instruct or at least endorse Parker. Both United States Senators Daniel and Martin spoke against instruction or endorsement, but the able and brilliant Braxton, one of Virginia's biggest men, favored expressing preference for Parker. We had hoped to see Virginia set the pace for the safe candidate, but we had overlooked the fact that under the leadership of Senators Daniel and Martin, who are most likely affected by their comradeship in the Senate with Senator Gorman, the delegates would be placed in their control to be delivered to the distinguished Marylander if the circumstances are favorable. We would not be surprised to see the delegation standing by Senator Gorman, if he needs it.

The fact that Virginia did not set the pace and add certainty to Parker's nomination, makes it all the more necessary for North Carolina to instruct at the State convention to be held at Greensboro next week. We trust that our politicians will show more political acumen than those of Virginia. Commenting of the STAR's editorial a few days ago in favor of instructing for Judge Parker, the Raleigh *Post* says:

The view that Judge Parker could at the present time stampede the country, electrify it with enthusiasm and put the rest of the candidates out of business with a ringing declaration, is the strongest card in favor of the New York judge. It looks like a case of the office seeking the man, and it is a refreshing and unusual spectacle. North Carolina people can take a large measure of restful pleasure at such a sight—and do something to help it along.

Quite a number of North Carolina papers favor instruction or endorsement, and we are pleased to add the Lexington *Dispatch* to the list. The *Dispatch* says:

The Democracy of this State is practically solid for the nomination of Judge Alton Brooks Parker, of New York, for Presidents, at St. Louis July 6th. Then why not send an instructed delegation?

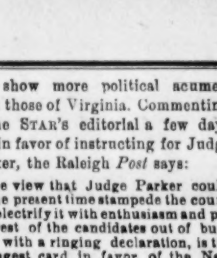
We would like to know why not.

HON. H. MASON,

MEMBER OF HOUSE OF REPRESENTATIVES, JACKSONVILLE, FLA.

Cured of a Dangerous Cough and Affected Lungs by Vinol.

Letter Published by Request of Mr. Robt. R. Bellamy.



HON. H. MASON.

To the Editor of the STAR: We have received a letter from the Hon. H. Mason of Jacksonville, Fla., which we hope you will publish for the benefit of everybody in this city. We also send you a photograph of Mr. Mason, which please print with the article if you have space. Yours very truly, Robt. R. Bellamy.

The letter Mr. Bellamy refers to reads as follows:

"Dear Sir—A couple months ago I contracted a severe cold, which it seemed impossible to cure. It settled on my lungs, causing a hard cough, which kept me awake nights, and soon weakened my system so that I was unable to attend to my duties. Vinol, that delicious tasting cod liver oil preparation, was recommended to me by a friend who had used it with wonderful results. I purchased a couple of bottles of our local druggist, Mr. Conover, and began to take it. The second night after, I only had one coughing spell, and in a week I was not coughing once during the night. Naturally, my progress was fast after this and my lungs healed rapidly, my strength returned and I gained in flesh and health In fact, this wonderful preparation restored me to a perfect condition, and I now feel better and younger than I have for years. I certainly think it is a wonderful remedy to cure coughs, colds, sore lungs and build up a run-down system. (Signed) H. Mason."

We are glad to publish this letter for Mr. Bellamy, as it is not only interesting, but thoroughly proves that all his claims for the wonderful curative powers of his Vinol are fully substantiated by unquestionable testimony. We hope that many sick and ailing people id this city may be benefited by the information.

— Raleigh News and Observer: A distinguished party of visitors from the North were in the city yesterday, coming with Mr. Geo. Foster Peabody, of New York. They arrived here yesterday morning from Durham, where they had attended Trinity commencement and are on their way South and West to visit various educational institutions. They are travelling in a private car, and after driving about the city and visiting its educational institutions, left at 4 o'clock for Southern Pines. Mr. Peabody is a prominent and successful banker and business man of New York, and is largely interested in the cause of education, to aid which he has given large sums. He is a native of Georgia and his beneficence has aided the schools of Columbus, Ga., his native place and other educational institutions in Georgia. The North Carolina Normal and Industrial College at Greensboro has also been aided by him, as he has given $11,000 to that institution. These are only parts of his gifts for education.

Are walked by the billiard player, as he moves around the table. That is the only exercise many a city man gets. It is this lack of exercise in the shut-in-life of the city, combined with irregular eating and indigestible dishes which tend to make the city man the victim of "stomach trouble."

When there is undue fullness after eating, with belching, sour risings and other distressing symptoms, a prompt use of Dr. Pierce's Golden Medical Discovery will effect a speedy cure. In the most extreme cases of disease of the stomach and other organs of digestion and nutrition, the persistent use of the "Discovery" will result in a complete cure in ninety-eight cases out of every hundred.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes James B. Ambrose, Esq., of 1205½ Mifflin Street, Huntingdon, Pa. "I was taken down with what our physicians said was indigestion. I doctored with the best around here and found no relief. I wrote to you and you sent me a question blank to fill out and I did so and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I feit so good that I stopped—being, as I think, cured. I have no symptoms of gastric trouble or indigestion now."

CURRENT COMMENT.

—— In the Nebraska platform, written by Mr. Bryan, the Kansas City platform, also written by Mr. Bryan, is enthusiastically reaffirmed but the people will continue to repudiate the platform and the writer with equal enthusiasm.—Chicago Chronicle.

—— The usual "unsuspected widder" has turned up in the settlement of the estate of the late William C Whitney. The world will some day learn to act upon the wholesome advice of the immortal Mr. Weller —Jacksonville Times-Union.

—— General Fitzhugh Lee spoke out sensibly and bluntly the other day when he put aside the talk about nominating "a Virginian" for one of the places on the National Democratic ticket. He declared, as everybody knows, that the important thing for the party to do this year is to get the vote of the great doubtful States, beginning with New York, and that candidates should be selected from the districts which are doubtful. This is particularly to General Lee's credit, for he has frequently mentioned in connection with the national ticket.—Norfolk Landmark.

—— A correspondent of the Record recalls to public attention the extraordinary record made by Secretary Shaw while Governor of Iowa in balking the efforts of courts of justice in restraint of crime. He pardoned 473 convicted criminals in two years. Twenty-two prisoners convicted of murder were released. The crimes of others released were: Offences against women, 38; fraud, 20; manslaughter, 14; forgery, 18; perjury, 5; embezzlement, 4, and burglary, robbery and larceny, 128. It is suggested that in this abuse of the pardoning power may be found an explanation of the complacency with which the secretary condones the plundering of the masses of the people by means of tariff legislation. —Philadelphia Record.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They're for sick kidneys.

They cure backache, every kidney ill.

Here is evidence to prove it.

E. Poisolt, merchant tailor of Eighth South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning; she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankles and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

Solid Car-load "GOOD LUCK" BAKING POWDER.
H. L. Vollers, Wilmington, N. C.

RAILWAY
WEST INDIA
SHORT LINE

17 Tons of Baking Powder

For a Wilmington House.

The carload of Good Luck Baking Powder that just came to H. L. Vollers is a double testimonial—first to the business enterprise of this large distributor of good things to eat and to the superior quality of the greatest bread leavener. This large car contained 34,025 pounds of Good Luck Baking Powder, or approximately seventeen tons. The full significance of this statement will be better understood by saying this is sufficient baking powder to leaven 32 carloads of flour. Although H. L. Vollers buys many other staple foods in carload lots, they have no such demand for any other baking powder. All other leavening agents are bought by the box—Good Luck Baking Powder by tons. Their local and traveling salesmen report a constantly increasing trade in Good Luck—the retailers find it a trade-bringer, because it never fails to satisfy the housewife; the housewife likes it because it makes the lightest, most wholesome and beautiful bread, and because the price is always less than she usually pays.

The illustration at the head of this news-note shows the car as it came to Wilmington. It tells a story that every Wilmingtonian should be proud to repeat: A Story of Trade Supremacy. Every other food must be sold in proportion—one teaspoonful of Good Luck to the baking for a big meal.

NEW YORK, June 11.—The cotton market opened steady at a decline of five points on the old crop while the new crop months were unchanged to three points higher. Cables were about right and the weather was generally favorable, but soon after the opening shorts began covering and the market becoming active and very excited went upwards at a rapid rate with July selling from 11.73, the low point on the call, to 12.25 within the first hour of the trading, this being an advance of 40 points from last night's closing figures. August also ruled sensationally firm, and the new crop joining in the upward movement showed net gains of from twenty to twenty-three points. July in New Orleans advanced even more rapidly than here and New Orleans was an active buyer in the local market, while the professional bear element seemed to be actively covering. In fact nearly every one had orders to buy while offerings were comparatively limited. The highest point was reached in the last half hour when July sold at 12.48, October at 10 14 and December at 10.07. These prices represented a net gain from the low of the week since last Monday of about one hundred and forty points on July and of sixty to seventy points on the new crop months. Just before the close the room longs taking profits, prices fell off slightly, but the market was finally very steady at a net gain of eighteen to forty-five points. SPIRITS TURPENTINE.

— Charles L. Abernethy, Esq., of Beaufort, has been endorsed by the Democracy of the counties of Pamlico and Duplin for presidential elector from the Third district. He is an able and eloquent attorney and a working Democrat.

— Winston-Salem Sentinel: The bluebirds are coming back again. The opinion is that these birds never migrated but were frozen out during the severe winter of 1891, and that their re-appearance is due to propagation by the few birds escaping the cold winter.

— R. E. Biggers, a prominent farmer of Mecklenburg county, was killed Friday afternoon. He was astride a mule, when the animal was frightened and ran away. In an effort to dismount Biggers' foot caught in the harness and he was dragged to almost instant death.

— Conway, S. C., Herald: The talk of a railroad from Little River, on the North Carolina border, to Marion by the wayof Conway should be encouraged in every possible way, for nothing that could be done just now would mean more to the quick development of the county.

— King's Mountain correspondence of the Gastonia Gazette: A group of six capitalists from New York arrived here on the vestibule last Thursday to investigate the tin field in this section. Having a team, they were in a few minutes at one of the prospective points taking in the situation.

— Henderson Gold Leaf: Another murder has been recorded against Vance county—the third in as many months. As a result of a gambling quarrel, one negro is dead and another is a fugitive from justice. Willie Townes shot and killed William Badger late Saturday afternoon, the tragedy occurring in the clump of trees just beyond the ice factory.

— Raleigh Caucassian, (Rep): Watch the papers when the State Democratic convention is held and see if you can find the name of any office-holder in the list of those present. The Democratic papers had very much to say about office-holders attending the recent Republican convention, so of course no Democratic office-holder will dare to attend a political convention. Watch and see.

—The North Carolina Teachers Assembly closed its 1904 meeting at Morehead City on Saturday. The meeting has been a most successful one. The following officers were elected: President Prof. J. I. Foust, State Normal College; Vice-President Dr. W. T. Whitsett, Whitsett Istitute; Secretary, Prof. W. D. Carmichael, Durham graded schools; General Vice-Presidents, Dr. C. Alphonso Smith, University of North Carolina; Rev. T. H. Noe, St. Pauls school; Supt. Hall, Gaston county; Miss Leah Jones, State Normal Practice school, Capt. C. F. Siler, Siler City.

— At Newbern, on Friday, Mr. J. B. Dawson, a member of the city board of aldermen, had a very narrow escape from death. As the Atlantic & North Carolina passenger train passed through the city en route to Goldsboro, Mr. Dawson attempted to board the train. His foot slipped and he swung underneath the moving cars, which dragged him for several hundred yards. But for his cries and the assistance of by-standers, who had the moving train stopped, he would have been killed.

— Special to News and Observer: Salisbury, N. C., June 10.—The body of L. V. Harper, a Southern Railway brakeman, who was instantly killed near High Point Thursday afternoon, was taken to Salisbury Thursday night and the fragments of his remains prepared for burial. The body was mangled almost beyond recognition by the thirty-four cars which passed over him after he had fallen between the cars, which from some unknown cause became separated. Mr. Harper was an exemplary young man and his home was in Rocky Mount, N. C, to which place his remains were shipped.

— As a precautionary measure and to prevent a possible lynching at a late hour Friday night, Sheriff Julian, of Rowan county, spirited Dock Arthur, colored, the alleged train wrecker, out of Salisbury and kept him under guard all night. The detectives who are working on the case believe they have the right man, though the evidence is not yet complete. Arthur is known to have held a grudge against Jim Watkins, the fireman who was killed in the wreck of No. 40, the Southern's fast mail, early Thursday morning and that he had at one time had a difficulty with the dead fireman, in which the latter was shot in the leg. He is reported as having said that he would kill Watkins if he had to throw a switch do it

Startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. BELLAMY, druggist. Trial bottles free; regular sizes 50c and $1.00. †

— Wiggs: There is nothing so contradictory as a woman. Waggs: Oh, I don't know. How about this war news?—Chicago Journal.

Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last! Such was the experience Mrs. S. H. Newson, of Decatur, Ala. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." NATURE SPARES

The Stricken Rose From Grief.

What a fortunate provision of nature it is, that deprives the rose of mental suffering; for how poignant would be its grief to discover, in the height of its blooming glory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always spares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the years gone by falling hair and grayness have cast a gloom over the lives of thousands of young women, but thanks to the investigations of scientists the true cause of hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus permitting the hair to grow as nature intended. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

We Paid $100,000

For Liquozone—Yet We Give You a 50c. Bottle Free.

This Company, after testing Liquozone for two years in the most difficult germ diseases, paid $100,000 for the American rights. That is by far the highest price ever paid for similar rights on any scientific discovery.

We publish this fact to show you the value of Liquozone. Men of our class don't pay a price like that save for a product of remarkable worth to humanity.

Kills Inside Germs.

The reason for that price is this: Liquozone alone can kill germs in the body without killing the tissues too. Nothing else in the world is so good for the human body; yet Liquozone is a germicide so certain that we publish on every bottle an offer of $1,000 for a germ that it cannot kill.

Liquozone destroys at once and forever the cause of any germ disease. And there is no other way to do it. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is helpless in troubles of this kind.

Not Medicine.

Liquozone is not made by compounding drugs. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, this gas is made part of the liquid product. Liquozone has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a product that does what oxygen does. Oxygen is the very source of all vitality, the most essential element of life. Liquozone is a vitalizing tonic with which no other known product can compare. Its effects are exhilarating and purifying. But germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter.

Liquozone goes wherever the blood goes, destroying every germ in the body. In this way it cures diseases which medicine never cures. It will do more for sick humanity than all the drugs in the world combined.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever.

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept it to-day, for it places you under no obligation whatever.

SUNDAY MORNING JUNE 12.

COTTON FUTURES EXCITED.

An Advance of 45 Points in New York on July Option—Good Buying Orders.

By Telegraph to the Morning Star.

NEW YORK, June 11.—The buying movement in cotton started on Friday was again in evidence to-day, leading to an active and excited market such as the trade grew accustomed to during the stirring sessions of last Summer. The supporting orders to-day seemed to come from the same source as then, but large room operators appeared to have been caught heavily short and endeavoring to get covered up for over Sunday. Commission houses had good buying orders for the new crop and the entire market ruled exceedingly ner vous and sensationally strong. The opening was steady at a decline of five points to an advance of three points. The weather was not bad and the cables were no better than due, but speculative considerations proved the dominating influence and before the session was an hour old July was selling well above 12 cents, reaching 12.30 here and about 12.70 in New Orleans, an advance in the local market of forty-five points. The late months showed somewhat smaller gains, but were very strong and almost equally exciting.

BLOODY STREET FIGHT.

One Man Killed and Four Men Seriously Injured at Waco, Tex.

By Telegraph to the Morning Star.

WACO, TEX., June 11.—As a result of friction over the selection of a teacher for a public school at Elk, a small town ten miles north of Waco, a bloody duel was fought here to-day by R. B. Torrence, his son River Torrence and J. McAden, a son-in-law, on one side, and Dr. Holton, his son and Prof. G. W. Perkins on the other side. Bad feeling had existed for some time over the matter and firing began when the men met to-day. The elder Torrence was killed instantly, his body being riddled with bullets. Dr. Holton and his son received dangerous wounds and Prof. Perkins and River Torrence were seriously injured. McAden escaped uninjured. Shot guns and revolvers were the weapons used by the participants, all of whom are prominent.

STRONG FOR PARKER.

Result of Conventions in Texas to Select Delegates to the State Convention.

By Telegraph to the Morning Star.

GALVESTON, TEX., June 11.—Conventions were held in all the counties of Texas to-day to select delegates to the State convention which in turn will send delegates to the Democratic National convention at St. Louis. Returns to the Post show that the Parker people have been successful and although many of the counties did not positively instruct, it is practically certain that a Parker delegation will be sent to St. Louis. The fight in Texas has been led by National Committeeman R. M. Johnson, and was won over an active opposition aided by a visit and several speeches from William J. Bryan.

By Telegraph to the Morning Star.

NEW YORK, June 11.—Strikes of the marine firemen were ordered to-day on the Savannah line steamships City of Savannah and City of Augusta. The company started at once to secure firemen in place of the strikers on the City of Savannah; a full crew of non-union men was secured and the vessel sailed forty minutes late. The strikers on the City of Augusta were formally discharged, as the vessel will be laid up for repairs for a day or two.

All the other vessels which were scheduled to sail had little difficulty in obtaining firemen. So far not a single ship has been prevented from sailing.

THE INVESTMENT OF PORT ARTHUR.

Japanese Forces Heavily Reinforced and Expected Soon to Assault the Fortress.

THE RUSSIAN SQUADRON.

Persistent Rumor That It Has Succeeded in Making a Sortie Lacks Official Confirmation—Russian Reinforcements—Gen. Kuroki.

By Cable to the Morning Star

LIAO YANG, Russian headquarters, June 11.—Reports from Chinese sources are to the effect that the Japanese forces near Port Arthur have been heavily reinforced. It is believed that an attempt to take the fortress by assault will be made as soon as the Japanese are strong enough to invest it on the land side and at the same time protect themselves from possible attack in the rear in case the Russians send a force from the north.

There are persistent rumors again that the Port Arthur squadron has succeeded in making a sortie, but no official confirmation of the report is obtainable. The Russian reinforcements on their way here will soon materially change the situation and enable General Kuropatkin to move freely.

General Kuroki's main army is still at Feng Wang Cheng. Russian outposts cover his right flank above Saimatsza are extending eastward. They are in constant touch with the enemy and there are almost daily skirmishes of more or less importance. Developments are anticipated in this direction.

Reports from Chinese Sources.

VAFANGOW, LIAO TUNG PENINSULA, June 9 (delayed in transmission).—The railroad will be repaired to Vafandian to-morrow.

The Japanese lost a prominent commander in the last fight and according to reports from Chinese sources they are displaying signs of despair, shaking their fists in the direction of the Russian forces.

The bombardment of the coast northward was a mere demonstration. The Russians did not reply.

There is no sickness among the Russian troops and they are in excellent spirits.

Japanese Movements.

LIAO YANG, June 10.—The Japanese are constructing a railway from Feng Wang Cheng to Shakdedsi, thirty miles to the southeast, near the mouth of the Yalu river.

The movement of the Japanese along the sea is being closely watched. They are proceeding from Takushan to the southwest, following the coast, evidently reckoning upon the co-operation of their fleet.

TOKIO, June 11.—The town of Siu Yen, now occupied by the Japanese army, is of great strategical importance, being situated about 40 miles east by south of Kaiping and 45 miles southeast of Hai Cheng. It commands perfectly the roads to both places. Salmatsza is also an important point as it controls the roads to Liao Yang and Mukden. By following this route the Mao Tien Ling pass, a strongly fortified and almost impregnable Russian stronghold, will be avoided on the advance of the Japanese army northward.

Rumors From St. Petersburg.

HELD UP AT THE KANSAS STATE LINE

Exiled Union Miners from Cripple Creek Dumped from a Train on Alkali Plains.

WITHOUT FOOD OR WATER.

Ninety Men Left to Shift for Themselves, A Sheriff and Armed Posse Forbid Their Crossing the Line Into Kansas—All Quiet Now.

By Telegraph to the Morning Star.

DENVER, COL., June 11.—A special to the "Post" from Holly, Colorado, says:

"With a parting volley of rifle bullets, fired over their heads by the militia and deputies to warn them to hurry eastward as fast as their legs could carry them and never again to set foot on Colorado soil, ninety union miners from the Cripple Creek district were unloaded from a special Santa Fe train on the prairie, one half mile from the Colorado-Kansas State line, and left to shift for themselves.

"When the special train bearing the deported men was within half a mile of the Kansas line it was stopped by Sheriff Brady of Hamilton county and forty deputies, who notified Lieut. Cole that under no circumstances would the train be allowed to cross the Kansas line, and further, that the deported men were not wanted in Kansas. Lieutenant Cole informed them that the train would be carried no further. Then the order to quit the train was given in a hurry. Sheriff Brady called for the leaders of the unionists and notified them that they must not cross the Kansas line. The exiles were disembarked in haste and without ceremony. "Hurry up there, you fellows!" cried Lieut Cole when the train stopped in the midst of the alkali sand dunes that dot the prairie near the Kansas line. We have not got any time to waste out here."

The special train had no sooner come to a standstill when the car doors were unlocked and thrown open and the order was given by Lieut. Cole for the exiles to leave the train. "Step lively, you fellows; step lively," admonished Deputy Benton, who was in command of the civil force of the expedition, and in less time than it takes to tell it the three cars were emptied of their unfortunate and unwilling passengers and had started back to LaJunta.

The men were left on the prairie without food or water, for the soldiers and deputies in their haste to get home had forgotten to unload the small stock of commissary supplies the train carried when it left Victor.

The exiles were a cheerless lot indeed. Without even a light and miles from the nearest habitation, they huddled together in groups on either side of the Santa Fe track and discussed their plight. Sheriff Jack Brady and his deputies were on hand to prevent the deported men from remaining in Kansas. Warned by the Kansas authorities that they would not be allowed to seek refuge in that State, the spirit of the men broke. Many of them finally walked back on the railroad track to Holly, where they were furnished food by the big Salvation Army stationed there.

Threatened Wholesale Hanging

CRIPPLE CREEK, COLO., June 11.—General Bell has made the following statement for publication:

"I have indisputable evidence which will lead to the codviction of a number of union men for the murder of non-union miners who were killed in the Independence depot explosion. We have between thirty-five and forty men in the bull-pen who will swing for this crime. We are only waiting to capture two or three more men before we tell what our evidence is."

DENVER, June 11.—The executive board of the Western Federation of Miners to-day issued a statement regarding the situation in Cripple Creek, in reply to the statements made by General Sherman M. Bell and Secretary C. C. Hamlin, of the Cripple Creek district Mine Owners' Association. It says:

"The only questions involved are the enforcement of the eight-hour day, the right of men to organize in unions and to prevent discrimination against union men of all kinds. The responsibility for the lawlessness connected with the contests rests entirely on the shoulders of the mine operators, the Citizens' Alliance, and their allies, backed up by the ready power of the State government."

The events of the past week, the statement says, justify these accusations. The statement says no deaths have occurred for which the Western Federation of Miners can be held responsible.

MOST DESTRUCTIVE STAGE

Of the Flood in the Arkansas River. Levee Gives Way.

By Telegraph to the Morning Star.

LITTLE ROCK, ARK., June 11.—A special to the "Gazette" from Pine Bluff, says:

"The flood in the Arkansas river today reached by far its most destructive stage in Jefferson county, when part of the Frenchtown levee about three miles below the city broke and turned the river through a rich section of the country filled with growing crops of cotton and corn. Since the water began to rise the planters in that section have been working day and night to save this important levee, which protected the rich bottom lands for miles below.

NEW CROP COTTON.

DESPERATE ATTEMPT BY FOUR MASKED MEN

To Rob Paymasters of the Johnstown, Pa., Water Company—A Running Fight in Which Two Horses Were Killed.

By Telegraph to the Morning Star.

JOHNSTOWN, PA., June 11.—A desperate attempt was made this afternoon by four masked men to rob Superintendent W. H. Cramsey and his secretary, Frank Howard, of the Johnstown Water Company, of about $8,000 in cash which they were conveying to the new Dalton Run dam, near this city, to pay off the men employed there. The two men made a plucky run for it and fortunately escaped, but not until two horses had been killed and about twenty-five shots had been exchanged.

Both men were heavily armed and driving, in a buggy with the money in a satchel at their feet. Close behind them, on horseback, rode Chester Miltenberger, an employe, who has been in the habit of riding down from the dam to meet and protect the paymasters. Across his knees Miltenberger carried a loaded Winchester rifle.

The first intimation that the party had that there was trouble ahead was a fusilade of shots from the woods and the tottering and sudden twitching of the horses which were drawing the buggy. In a moment the horse Mr. Miltenberger was riding had been shot from under him. The paying party at once drew their weapons and directed their fire toward the woops, where as yet they had been unable to see their assailants. The hose which Ramsey and Howard were driving staggered on and just as it became certain that he must go down Howard grabbed the valise, jumped from the buggy and started to run. Ramsey also left the vehicle, but he and Miltenberger retreated slowly, still exchanging shots with the men in the woods. A ball grazed Ramsey's forehead and inflicted a slight wound. Otherwise the men escaped uninjured.

With the bandits in the woods and the two men in the road still firing at them the party traversed a considerable distance, but Howard ran ahead with the money and when the highwaymen saw that the loot was beyond their reach they abandoned the chase. No trace of the robbers has been found.

A judgment providing for the distribution of the Henry B. Plant estate has been entered in the New York Supreme Court on the report of the referee, who finds that the settlement should be on a basis of one-third to Mrs. Margaret A. Graves, who was the widow, but has since remarried, and two-thirds to Morton P. Plant, the son.

—A meeting of the Association of Wholesale Dealers, Millers and Manufacturers of the Carolinas is called to gather in Greensboro at the Benbow Hotel at 8 in the evening of June 14th. The call states that the "railroads operating in our State have deferred putting into effect the proposed new tariff on provisions, grain products, etc., until July 1st. The traffic managers of these railroads wish to know what we want and we must 'strike while the iron is hot.' Whether you are identified with this association or not, you are urged to be personally represented at this meeting and help us with your advice in this matter, which is of such vital importance to every one of us."

A. C. L. BLOCK SIGNAL SERVICE.

Perfect System Between Richmond and Selma About to be Inaugurated.

[Wilson Times, 11th.]

With the completion of their block signal station three miles from Wilson between here and Elm City the Coast Line will then have completed their arrangements for a perfect system of blocking their trains, and signalling between Richmond and Selma.

On account of the great increase in the number of trains over the track from Rocky Mount to Contentnea Creek the block stations will be placed every three miles, while between Rocky Mount and Richmond the railroad people deem a station every three miles as amply sufficient for the careful handling of trains.

While installation of these stations will mean an increase of expense, as two operators will be required to tend to them one each during the day and night, yet there will not be so much expense as one might imagine when it is remembered that the stations will now average about seven or eight miles apart and it is necessary to keep two operators at these places now any way, nearly all the stations will be nearly midway between the towns along the road.

Trains now on the Coast Line are not allowed to run within ten minutes of each other in the same direction, unless specially ordered by the train dispatcher, and when the block system is arranged only one train will be allowed in the block or within three miles of each other.

All this is the preliminary preparation of the Coast Line for a double track between Rocky Mount and Contentnea, which it is expected will commence at an early date.
